**EAST SEARCH HISTORY****Databases:** US-PGPUB; USPAT; USOCR; EPO; JPO; DERWENT; IBM\_TDB

Ref#	Hits	Search Text
S72	23	S71 and backlight
S71	307	((distance or length or span) near (between or (from and another)) near peak) and image and (expos\$4)
S70	7	((distance or length or span) near (between or (from and another)) near peak) and image and (expos\$4 near (under and over))
S66	2103	distance between peaks
S67	27	S66 and histogram and correct\$4 and image and expos\$4
S68	9	S66 and histogram and image and expos\$4 and backli\$4
S82	29	((distance or length or span) near (between or (from and another)) near peak) and image and (expos\$4) and (backlight or "back-light")
S83	13	((distance or length or span or range) near (between or (from and another) or greater) near (peak or max or maximum)) and image and histogram and expos\$4 and (backlight\$2 or "back-lighted")
S69	7	((distance or length) near between near peak) and image and (expos\$4 near (under and over))
S86	1	("6040860").PN.
S89	127	((distance or range or span or length) near between near (peaks or max\$5)) and histogram and luminance
S75	88	((distance or length or span) near (between or (from and another)) near max\$5) and image and (expos\$4) and histogram
S90	436	((distance or range or span or length) near between near (peaks or max\$5)) and histogram
S73	32	((distance or length or span) near (between or (from and another)) near peak) and image and (expos\$4) and histogram
S93	356	((distance or range or span or length) near between near (peaks or max\$5)) and histogram and image
S92	94	distance between peaks and histogram and image
S74	22	((partition\$3 or divid\$4 or seperat\$3) near peaks) and image and (expos\$4) and histogram
S94	40	((distance or range or span or length) near between near (peaks or max\$5)) same threshold) and histogram and image
S79	2	10/177133
S76	177	((partition\$3 or divid\$4 or seperat\$3) near max\$5) and image and (expos\$4) and histogram
S77	1	09/338424
S78	1	10-177133
S80	2	10177133
S81	6	10177133 or "10205085" or "10303940"
S84	0	((distance or length or span) near (between or (from and another)) near peak) and image and (expos\$4) and (backlit or "back-lit")
S85	8	((distance or length or span) near (between or (from and another)) near max\$5) and image and (expos\$4) and (backlit or "back-lit")
S87	1	("7200265").PN.
S88	33	S66 and histogram and expos\$4
S91	123	distance between peaks and histogram
